*Welcome to the Bekaert & Dupont ingredients catalogue.
With over two thousand active products we offer a wide range of ingredients to suit every Patisserie and bakers requirements.*

Bekaert & Dupont are a sister company to Ranson NV in Belgium. Ranson supplies over 4000 customers across Belgium, France, Germany and the Netherlands. With this buying power we are able to offer excellent quality products at competitive prices backed up by a second to none delivery service. We have built the business on a 'one stop shop' philosophy so our customers don't need lots of suppliers just for a few items.

With a fleet of eight temperature controlled vehicles we deliver into London five days a week and distribute with external transport across the UK (volume permitting).

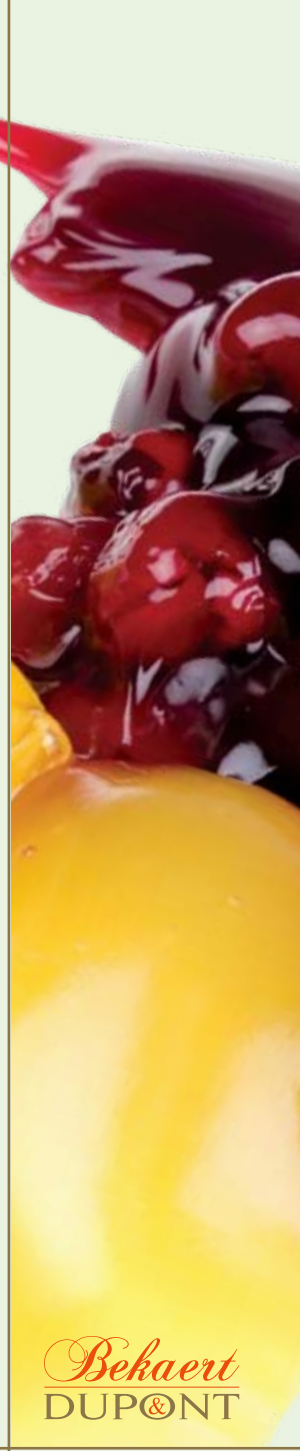

Founded by Igor Bekaert and Ann Dupont in 1998 the company has grown from its early beginnings in a railway arch, to new larger premises in 2006, to continue the growth and expansion of Bekaert and Dupont. From 2008 under a new management team we continue our commitment to offer customers a quality products at competitive prices and we strive to go that extra mile so we can continue to stand out from the competition.

So whatever the size of your business, we are sure we will have something to suit your requirements. If you can't find what you are looking for, don't hesitate to give us a call, and we'll be happy to help.
